Urban London

Describe your practice models, e.g., FFS, CCM, FHG, FHN/FHO, Focused Practice, NPLC, FHT, CHC:

FFS and FHG, focused practice

Why are you excited to be part of the LMPCA Executive Council leadership team?

Working to creating a strong and unified primary care sector to work to ensure equitable access for all patients no matter the model of care of their primary care provider.

If you were part of the LMPCA Executive Council, what would be one issue you would like to champion? Why? How will you ensure that you will represent the interests of the entire primary care sector?

Integration of ACE screening into all primary care practices. Provides important information for risk stratification and identification of underlying issues/causes of disease. Will allow for better preventative care planning and overall population health management. All patients no matter income or location are affected by ACEs.

Do you have expertise in an area that you think would be valuable for the LMPCA?

Extensive expertise in leadership, program development, program implementation, program evaluation, grant writing, generating peer-reviewed publications, value-based health care, addiction medicine, mental health.

Do you have any potential conflicts of interest / current leadership roles that may impact by being involved with the LMPCA Executive Council?

None at this time.
